IN MEMORIAM

IN MEMORIAM
In memory of husband, and Daddy, Mr. Ernest Reid, who departed life one year ago, Oct. 24, 1958.
A token of love and remembrance
Of one we shall never forget,
His memory to us is a treasure,
His loss a life time of regret;
Safe in the arms of Jesus,
And this we know is true.
You can never return to use,
But we can come to you.
—Sadly missed by his
Wife and Children.

A FINE LINE OF CHAIN SAWS IS OFFERED HERE BY WESTERN AUTO

Brutal "torture tests" have been used to dramatize the dependability feature of McCulloch Corporation's new Number One chain saws now being introduced in this area by the Western Auto Store,Cecil J. Rowe, local owner.

According to Mr. Rowe, McCulloch's new saws have been put through countless "torture tests" both in McCulloch's Los Angeles engineering laboratory and in the field, where professional wood - cutters have tested the saws extensively under every possible field condition.

More than one million dollars and forty thousand man hours have been invested in McCulloch's "torture test" program, which represents another first in the chain saw industry for McCulloch, long time chain saw sales leader throughout the world.

As a result of this "torture test" program, McCulloch saws for 1960 feature mechanical improvements and refinements that make them easier to operate, more economical to maintain and highly dependable in all kinds of operations.

The new McCulloch line features seven models to meet all wood-cutting requirements.

There are high-speed direct drive saws in all classes, from the economical "featherweight" McCulloch ONE/40 through the medium ONE-50 to the powerful ONE-70.

Gear drive saws, for jobs that demand greater torque and lugging power, include the low - cost, top-performing MAC-35A, the medium priced, all new One-60, the heavy duty One-80, and the heavy-duty two man saw, the Model 99.

One McCulloh saw was "torture tested" by a special machine that started it, accelerated it and then stopped it(repeating the cycle again and again for a total of 57,329 consecutive starts.

Other saws were tested in freezers registering 30 degrees below zero, in 140 degrees heat and in endurance tests that lasted for hundreds of hours.

In the Appomattox area, the dealer for McCulloch saws is the Western Auto Store, now in new location on Route 460, Cecil Rowe, proprietor.
